AMERICAN & FOREIGN PATENTS

R. H. EDDY, Solicitor of PATENTS
(Late Agent of U S. Patent Office, Washington, under the Act of 1837.)
NO. 76 STATE, OPPOSITE KILBY ST.,
BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Bonds, Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents

All necessity of a journey to Washington to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse.
CHAS. MASON," *Commissioner of Patents.*

"I have no hesitation in assuring Inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.
Boston, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part leads me *to recommend all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART."

From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made, on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

THE
ONLY PREPARATION
THAT HAS
STOOD THE TEST OF YEARS,
And grows more and more popular every day!

And testimonials, new, and almost without number, might be given from ladies and gentlemen in all grades of society, whose united testimony none could resist, that Prof. Wood's Hair Restorative will restore the bald and gray, and preserve the hair of the youth to old age, in all its youthful beauty.

Battle Creek, Mich., Dec. 21st, 1858.
PROF. WOOD: Thee wilt please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, attended with an eruption on the head. A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative about the first of August last. I have faithfully followed the directions and the bald spot is now covered with hair thick and black, though short; it is also coming in all over my head. Feeling confident that another large bottle would restore it entirely and permanently, I feel anxious to persevere in its use, and being destitute of means to purchase any more, I would ask thee if thee wouldst not be willing to send me an order on thine agents for a bottle, and receive to thyself the scripture declaration—"the reward is to those that are kind to the widow and the fatherless."
Thy friend, SUSANNAH KIRBY.

Ligonier, Noble Co., Indiana, Feb. 5th, 1859.
PROF. O. J. WOOD: Dear Sir:—In the latter part of the year 1852, while attending the State and National Law School of the State of New York, my hair, from a cause unknown to me, commenced falling off very rapidly, so that in the short space of six months, the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana, my more casual acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were to recognize me at all.

I at once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair could again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1857, your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dollars' worth of your Restorative, and as a result, have a rich coat of very soft black hair, which no money can buy.

As a mark of my gratitude for your labor and skill in the production of so wonderful an article, I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you, are using it with like effect. Very respectfully, yours,
A. M. LATTA,
Attorney and Counsellor at Law.

Depot. 444 Broadway, and sold by all dealers throughout the world.

The Restorative is put up in Bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars a bottle; the large holds a quart, 40 per cent. more in proportion and retails at $3 a bottle.
O. J. WOOD & CO., Proprietors, 444 Broadway, New York, and 114 Market Street, St. Louis, Mo.
And sold by CASWELL, MACK & CO., 137 Thames Street, Newport, and by all good Druggists and Fancy Goods Dealers.

HOW I LOST MY LOVER.

BY NELL CLIFFORD.

(Concluded.)

Now, I don't believe that person lives who does not like a little flattery, given in the right manner, time and place, in spite of what wiselings say, or may have said to the contrary. Our sex is said to be most pleased with it; and in its name, I plead guilty to the weakness. Freely do I own that I have liked it from my pinafores; and, surely, under *such* circumstances, it must have been agreeable. The complimentary speech, recorded above, was followed by an awkward pause, during which time we blushed to the rims of our ears.

"*Nelly,*" he continued, "you know I have no sister. Sometimes I am very lonely. My dear and valued mother is becoming aged; and my nature craves a younger and dearer companion"——

Horrid! At that moment an odor of burning meat came most unpleasantly to my olfactories. I begged to be excused, and hastened into culinary quarters, to find the piece of beef I had so carefully prepared almost spoilt. Nervously I caught a holder from the shelf, and in so doing, succeeded in knocking ma's favorite cut-glass pitcher, which fell with a loud crash, breaking into a hundred fragments. Philip must have heard it.— Oh, this *meal-getting, with a lover in* the parlor! With a flushed brow I went back to the old seat. Philip smiled provokingly.

"Nelly," he added, "I want a wife. Home will lack nothing, then, to render it the dearest resting-place this side of heaven. I know a little girl who is as precious to me as life"—

"Oh!"—Just then, a disturbance in Bridget's apartment, obliged me again to leave. I had carelessly left open the door; and dame grunter had taken the liberty to enter and taste of the pudding I had set to cool.

It was in no enviable frame of mind that I hauled out the dining table, and laid the dishes. As I looked at the warm, heavy, biscuits, unpalatable meat, and burnt potatoes, my pride and self-confidence vanished. I should not have cared so much, had I not known what an excellent cook, and *notable house-keeper* Mrs. Dean was. Besides, in the matter of the palate, Philip had been an epicure from the cradle; and everybody knows that men think more of their stomachs than of their sweethearts. To add still more to my trepidation, Philip regarded me curiously, when I invited him to dine. As he eyed the viands before him, I thought he was going to say grace, by the sudden elongation of his visage. I poured some muddy coffee; and, notwithstanding my secret discomfort, I took malicious pleasure in *seeing him sip the beverage.* He was an inveterate coffee-drinker; but, somehow, his cup did not lower much,—

What rare fun I should have had, if I had not been Dinah! We came to dessert at last; and when I handed him the flaky-crusted pie, a relieved expression stole over his countenance, which, on tasting, changed to a perceptible grimace. What could ail my highest effort? Alas! I had forgotten to sweeten the apple!

Were vexations never *to cease?* By chance, I caught *a glimpse* of a reflection in the glass. Was it mine? I glanced downward. Shade of Ham! My faith in spotless-robed heroines was gone at once. I was a tri-colored exhibition of red, white and black. Troubles heaped themselves up strangely. I wanted to throw myself on the carpet, and cry like a very child. I did nothing of the kind. Instead, I burst into a laugh, as the whole scene came before me in its ridiculous light. I laughed till the tears rolled down my cheeks; and, as Philip became more disgusted, my merriment increased. I laughed when he went away, though I *knew he would* never finish the offer so *unluckily* began.

Three weeks later he was united to Jenny Wheeler. Soon afterward, I attended a *party* at Widow Dean's, and had the *happiness* (?) of overhearing Philip's indifferent remark to Fred. Lee, a kind of explanatory apology for

the flirtation between us: "A dear little girl, but a *poor cook*."

In time my parents returned; and I was only too glad to put off a responsibility of which I was heartily tired. I shrewdly suspect that my father had an eye on Philip's coffers, for he was cross toward me for three whole days after hearing of the wedding. Just as though I could have helped it. I learned two lessons that young ladies may profit by. Firstly, it is a different thing to play kitchen-maid with mother for overseer, than to play the same without her. In the former case, if you forget sugar, saleratus or even, she will not. Secondly, never allow a lover, whom you wish to call husband, declare his passion at breakfast, dinner or supper time, especially if you are forced to prepare the meals yourself. Be too busy, be skittish, be anything, rather than allow it. If possible, delay it till the hour of twilight or moonlight; then you will not, like me, have the seal of old maidism stamped indelibly upon your brow.

The Daily News.

Wednesday Morning, Dec. 12, 1860.

A SOUTHERN VIEW.

The following article, credited to the New Orleans Picayune, discusses the past history of our public affairs in a strain not usual with Southern papers:

From the adoption of the Constitution to the election of Martin Van Buren—from 1789 to 1841—a period of sixty-two years, a Southern man occupied the honored post of chief executive of the nation, with the exception of the single term of each of the two Adamses from Massachusetts. During this period, that of nearly two generations, two-thirds of the foreign missions and the more important of domestic offices were enjoyed by Southern men.

From 1841 to 1860, there were but two Presidents—Harrison and Fillmore—who were not emphatically the choice of the South, and really nominated and elected by the South. Of the six Presidents since 1841, three were Southern men.

It was the boast of a Southern statesman, as late as ten years ago, that the South had dictated the domestic policy of the nation. The purchase of Louisiana territory was at the instigation of the South. The annexation of Texas was conceived by Southern minds and achieved by Southern votes. The war of 1812, from which the country emerged with so much glory, was voted for and sustained by the South. The war with Mexico, which added an empire in extent to the territory of the Republic, is due to the policy of the [illegible] southern boundaries from the western limits of Texas to the Pacific Ocean. Of all this has the South reason to complain?

But our position is scarcely less improved, in these series of years, in regard to the question of slavery. If, under the operation of the laws of climate and production, slavery has been extinguished in that little patch of States denominated New England, in New York, Pennsylvania and New Jersey, the purchase of the territory of Louisiana has given us Louisiana, Arkansas and Missouri as slave States—a region of country much larger than that from which State sovereignty has eradicated human bondage. The annexation of Texas in 1845 devoted to slavery a territory equal to all New England, New York and New Jersey, and the acquisition of New Mexico by conquest, in which slavery has been established by territorial *law*, carries the institution two degrees above the line of the Missouri compromise. Can we complain that the territorial limits of slavery have been circumscribed, or go back to this history of its extension to strengthen the catalogue of our grievances?

But it is said that the perpetual agitation of the question in and out of Congress has driven the South to unjust concessions, every one of which should have been made the cause of resistance to the Federal government; and that each, as it followed the other in the order of succession, increased the intolerance and aggression of the free North. The Missouri compromise was the first in order. It it was wrong, the South has only to blame itself; for it came from a representative of a slave State, and was supported by the almost unanimous voice of Southern delegations in both houses of Congress. It was ratified again by the popular vote of the slave States, until it came to be regarded to have almost as binding a character as the Constitution itself.

The great struggle on the question of slavery resulted in the compromise bill of 1850. Here again the South gave birth to the act, and it was sustained not only by the Southern vote in Congress, but was ratified by the people themselves. Georgia and Mississippi, and South Carolina made the issue of resistance against it, and the people, with majorities unprecedented in any political contest, sustained the work of the noble patriots of that gloomy day.

The South is then precluded by its own action from reopening the issues then settled, and making them living questions at this time. Right or wrong, they belong to the dead past. A golden era of peace and general accord followed, until the elements of sectional strife were again let loose from their sealed cavern by the repeal of the Missouri compromise and the Kansas and Nebraska bill.

LOCAL NEWS ITEMS.

INCIDENTS OF THE FIRE.—We understand that Mr. Samuel Clarke, a teamster in employ of Swinburne, Peckham & Co., fell in a fit while returning from the fire yesterday morning. He was conveyed to his home in a carriage, and subsequently recovered.

William S. Cranston, Esq., Foreman of No. 7, was seized with sudden illness at the fire, and was taken to his residence.

Great delay and inconvenience were experienced by some of the engines yesterday morning, in consequence of an insufficiency of hose. The one thousand feet of hose authorized by the City Council at their last session, will remedy this defect.

THE CAUSE.—It will be seen by reference to his advertisement in another column, that his Honor the Mayor is satisfied that the fire of Monday night was the work of an incendiary; and also that he offers a reward of one hundred dollars for such information as will lead to his conviction. This applying the torch to another person's property is a little the meanest kind of revenge that one can be guilty of, and the perpetrator deserves to be roasted before a hot fire till he is done brown on all sides.

PERSONAL.—We *regret* to learn that A. B. Copeland, Esq., proprietor of the United States Hotel in this city is suffering from severe illness which confines him to his house.

Newport and Fall River Railroad.—This project bids fair to become one of the actualities. The books are now open in Newport for subscriptions to stock, and the friends of the enterprise are determined to push the thing along, if not at railroad speed, yet to a successful conclusion.—*Fall River Daily News.*

RELIGIOUS NOTICE.—There will be a prayer meeting in the Freewill Baptist Church on South Thames Street, this afternoon at half past 2 o'clock, and preaching in the evening at 7. Rev. Mr. McKenzie, and Rev. Mr. Baker of Scituate, will conduct the meetings.

THE EFFECTS OF DISUNION.—A favorite scheme with the Governor of South Carolina, as disclosed in his recent message, is to prohibit the introduction of slaves into that State from North Carolina and other border States, so as to force these border States to join South Carolina or emancipate their slaves. So we go, says the Raleigh Standard. "The extremists of the North wish to pen us up so as to compel us to emancipate our slaves, and the Governor of South Carolina desires to do the same thing! If the old Union cannot be preserved by force, how are we to be forced, on pain of losing our slaves, to become contented members of a new Union? We leave it to the wise and dispassionate leaders in Carolina to answer the question."

"BLESSED ARE THE PEACEMAKERS."—Mr. Crittenden, of Kentucky, and Mr. Botelor, of Virginia, says the Journal of Commerce, are the first to come forward in the National Congress to heal, if possible, the dangerous dissensions which agitate the country. Their efforts may be unavailing; the chasm which threatens to divide a people now mighty and prosperous may engulf the States in one common ruin; commerce may be blighted, and every cheek become blanched by the horrors of civil war; but those names will always be revered and cherished as the heritage of the nation, which are associated with efforts to assuage the violence of human passion, and preserve inviolate the Union which was established at such an immense cost of blood and treasure.

The Southern Baptist, in giving the proceedings of the Alabama Baptist Convention, says, that, after the letter requesting the prayers of all Christians for the welfare and union of our loved country, a few remarks were made by an aged divine, upon which the whole convention, including the audience, dropped upon their knees and united in the most earnest and fervent prayer that God would overrule the present crisis in the affairs of our country, and avert the threatened dissolution of the only free confederated Republic on the earth.

Mr. Fulton has offered resolutions in the Georgia Legislature, requesting the Congressmen from Georgia to propose to Congress the appointment of Commissioners on the part of the North and the South, whose duty it shall be to provide for a peaceable dissolution of the Union, and an equitable distribution of the property between the two sections.

A little girl, six years old, was lost in the mountains near Frostburg, Md., on Saturday night. She wandered about for seven hours, the thermometer 2 degrees above zero, and reached Mr. Knode's house at three in the morning.

Charles F. Engleman, who for forty-three years has furnished the principal calculations for the almanacs, died on Friday last at Reading, Pa., aged 79.

A California paper tells of a suicide having been found in the woods where he had been hanging by the neck three or four days. The careful journalist adds that "life was extinct!"

The schooner J. M. Hinton was blown to sea off Hog Island. A heavy sea stove her boat, shipped her galley, and washed away her water casks: the crew were without water 76 days.

The Message was playfully but quite happily hit off by Mr. Seward, just after the reading, when some friends of the President asked him what he thought of it. "I think," said the New York senator, "the President has conclusively proved two things: 1st, That no state has a right to secede unless it wishes to; and 2d, That it is the President's duty to enforce the laws, unless somebody opposes him."

One of the "oldest inhabitants," with which the country abounds, assures an exchange that "the approaching Winter, from the scarcity of beach and hickory nuts, will be a mild and open one."

JOTTINGS AND GLEANINGS.

There is some wisdom, some prudence, yet left at the South, which at times finds utterance through the columns of the press. The Mobile Register, for instance, says: "We are not of those who look upon the dissolution of the Union as a holyday amusement, a drunken frolic, or a thing to be done 'before breakfast.' Not a thing to be done in haste and repented at leisure, (as it surely will be if done in this manner,) but a great and sublime task to be performed by an intelligent, self-governing people, and which requires all the coolness, the prudence, the wisdom, the calm deliberation that such a people can command." That is, as the Dutchman would say, "very moosh good," and a good deal more of the same sort infused into the seething, boiling mass of Southern rebellion and contumacy might bring them to their senses.

Wm. Small, a merchant at Hamperburgh, Canada, got into a tight place in money matters, and to get out of it, blew out his brains. One way.

Railway Earnings.—The Great Western Railway earnings for the week ending Friday last, were forty thousand dollars. Good for stockholders.

Spurious notes on the Mechanics Bank of Augusta, Ga., are in circulation. They are printed in colored ink, while the genuine are not.

James Hurley, who killed Wm. Laughrey, while the latter was arresting him for burglary in Cambridge, Mass., some months since, was last Saturday found guilty of murder in the second degree.—Hurley is noted as a desperate thief and burglar.

The Republicans of Boston have nominated three reporters of the Press of that city for the Council, viz: S. N. Stockwell of The Journal, Ebenezer Nelson of The Transcript, and R. I. Atwill of The Bee.

A Last Resort.—Some of the tradesmen of Chicago are issuing "shinplasters," in the nature of duebills, to supply the place of change with their customers.

Alone and in prison, Billy Mulligan, the famous shoulder hitter of New York, spends his honeymoon. He was united in wedlock last Friday to Miss Mary A. Lewis of New York, he being under sentence at the time for assaulting an officer, and next day was sent up to Sing Sing to serve out a term of four years. Verily "the way of the transgressor," &c.

The oldest Postmaster in the United States Gen. Lock, of Bloomfield, died on Friday night last. He had held the office over forty-nine years.

The Mammoth Cave of Kentucky has been leased to S. B. Thomas of Elizabethtown and R. H. Crittenden of Louisville, for a term of years.

The Popular Vote for President.—According to the latest returns received, the whole number of votes cast is 4,500,000; of which Abraham Lincoln received 1,800,000; Stephen A. Douglas 1,300,000; John C. Breckinridge 800,000; and John Bell 600,000. It must be conceded that Douglas, considering the shortness of his legs, ran well, to follow so closely on the heels of long-legged "Abe."

The degrees of crime are thus defined: "He who steals a million is only a financier. Who steals a half a million is only a defaulter. Who steals a hundred thousand is a rogue. Who steals fifty thousand is a knave. But he who steals a pair of boots or a loaf of bread is a scoundrel of the deepest dye, and deserves to be lynched.

Petitions are being circulated in Michigan, asking the forthcoming Legislature to repeal the personal liberty laws, now on the statute book.

How to do it.—The greatest coward may avoid shaking in his shoes by wearing boots or going barefooted.

The Spondulics.—A young German apple pedlar is said to have accumulated between $3,000 and $4,000 in San Francisco, in selling apples during the past three years, and has in the meantime acquired three languages.

Pretty Smart for a Propeller.—Propeller Dawn, of Fairhaven, Ms., left New York at 20 minutes past 3 o'clock Friday afternoon, and the next morning at 35 minutes past 6 she was in Fairhaven. The Metropolis must look to her steam if she would continue monarch of the Sound.

Diptheria, which is making such fearful ravages among the innocents in some parts of the country, it is said is successfully treated by homeopathy.

More than half right.—Because she "supposed the devil was in her," Mary Martin, servant of Mr. Edward Martin, Springfield, Pa., has been nightly in the habit of breaking the windows with large stones. She was detected on Tuesday.

Not Bad to Take.—A fortune of $22,000,000 has fallen to John Burnham, of Wisconsin, from some English ancestor.

Zouaving to some purpose.—A noble Zouave company, called the "Zouave Oddities," has been formed in Bridgeton N. J., for the purpose of sawing and splitting wood for destitute families the ensuing winter. With wood-saw astride of horse and axe in hand, they proceed to the premises, and reduce the wood to stove size with an alacrity unknown to those who labor for pelf.

LATEST NEWS.

FROM THE SOUTH.

Extra Session of the Louisiana Legislature.

Baton Rouge, Dec. 10.—The extra session of the Louisiana Legislature commenced to-day. The Governor in his message exhorts calmness; says the election of Lincoln shows that the Northern mind is against the South; that the fraternal remonstrances of the South are disregarded, and recommends the call of a Convention. He says Louisiana ought not to refuse to unite with her sister slave States in demanding the repeal of the obnoxious legislation at the North, and guarantees against future aggression. These questions should be met before the inauguration, because the honor and self-respect of the State would not comport with her remaining under a Black Republican President.

A resolution was offered recommending the establishment of a military board and appropriating half a million for the purchase of arms for volunteers.

Later from California.

Fort Kearney, Dec. 8.—The Pony Express from San Francisco Nov. 28th, has arrived.

In the markets little has been done. There have been a few sales of sugar, but the market is drooping. Candles well sustained.

Full election returns give Lincoln 38,702; Douglas, 38,080; Breckinridge, 34,041; Bell, 8794.

The census of California returns only 400,000 inhabitants.

Gen. Joshua Dix died in San Francisco on the 25th.

A *nolle prosequi* has been returned in the case of the United States against Beverly Sanders, charged with defalcation when Collector in 1852, and also in the case of the United States against Harassothy, charged with embezzling from the refining department of the mint, in 1857.

Another Murder in New York.

New York, Dec. 11.—Henry Benatus, a sailor, was murdered by Philip Collins while quarreling about the price of liquor. The latter was arrested.

Kansas Aid

New York, Dec. 11.—A meeting has been called by Chas. Dana, Horace Greeley, Peter Cooper, Cyrus Field and others, for the relief of the sufferers in Kansas.

Municipal Elections.—The Boston city election was held Monday, and resulted in the triumph of the Bell-Everett and Democratic combinations. Joseph M. Wightman, Esq., the combination candidate for Mayor received 3160 plurality over Hon. Moses Kimball, Rep., and there were 127 scattering votes. Eleven of the twelve Aldermen were elected by the coalition. There was a large vote cast—3000 larger than last year, when Lincoln, Rep., had 1128 plurality.

The municipal elections in Newburyport, Worcester and Lowell were also held Monday. In Newburyport, Moses Davenport, the Union candidate, was chosen Mayor over Elder Pike, Republican; in Worcester, Isaac Davis, citizens' candidate for Mayor had 176 maj., but a majority of both branches of the new Common Council are Republicans. Lowell elected Sargeant, Rep., Mayor.

Elections were also held in Lynn, which elected Mr. Breed, the Citizens' candidate for the Mayoralty; in Roxbury, where a Citizens' Union candidate, and a Board of Aldermen on the same ticket were elected; and in Charlestown, where the Citizens' ticket, headed Horace G. Hutchins, was successful.

From the South.

A Washington despatch says there is no doubt of Cobb's resignation. He leaves on Thursday for Georgia, where he is a candidate for the State Convention. He has not attended the last three cabinet meetings.

The Washington correspondent of the *N. Y. Commercial Advertiser* telegraphs that the feeling in favor of conciliation has made rapid strides since Saturday, and the danger of immediate secession is considered past. It also says the President has accepted Cobb's resignation.

Senator Clay has tendered his resignation to Gov. Moore of Alabama from 4th of March, unless Alabama sooner secedes.

In reference to commissioners from the border States, the South Carolina *Guardian* says it is a useless measure. The convention will not listen to persuasions from any quarter.

Gov. Brown is writing a long letter in favor of secession.

THE TRIBUNE FOR 1861.

PROSPECTUS.

The XXth volume of the WEEKLY TRIBUNE commenced with the issue of Sept 1. During the past year The Tribune has been obliged to devote quite a large proportion of its space to Politics, but we shall soon be able to forego Political discussion almost entirely, for months if not for years, and devote nearly all our columns to subjects of less intense, but more abiding, interest. Among these, we mean to pay especial attention to,

I. EDUCATION.—The whole subject of Education, both Popular and General, will be discussed in our columns throughout the year 1861, and we hope to elicit in that discussion some of the profoundest thinkers and the ablest instructors in our country. It is at once our hope and our resolve that the cause of Education shall receive an impetus from the exertions of THE TRIBUNE in its behalf during the year 1861.

II. AGRICULTURE.—We have been compelled to restrict our elucidations of this great interest throughout 1860, and shall endeavor to atone therefor in 1861. Whatever discovery, deduction, demonstration, is calculated to render the reward of labor devoted to cultivation more ample or more certain, shall receive prompt and full attention.

III. MANUFACTURES, &c.—We hail every invention or enterprise whereby American Capital and Labor are attracted to and advantageously employed in any department of Manufacturing or Mechanical Industry as a real contribution to the public Weal, insuring ampler, steadier, more convenient, more remunerating markets to the Farmer, with fuller employment and better wages to the Laborer. The progress of Mining, Iron-Making, Steel-Making, Cloth-Weaving, &c., &c., in our country and the world, shall be watched and reported by us with an earnest and active sympathy.

IV. FOREIGN AFFAIRS.—We employ the best correspondents in London, Paris, Turin, Berlin, and other European Capitals, to transmit us early and accurate advices of the great changes there silently but certainly preparing. *In spite of the pressure of Domestic Politics, our News from the Old World is now varied and ample; but we shall have to render it more perfect during the eventful year just before us.*

V. HOME NEWS.—We employ regular paid correspondents in California, at the Isthmus of Darien, in the Rocky Mountain Gold Region, and wherever else they seem requisite. From the more accessible portions of our own country, we derive our information mainly from the multifarious correspondents of the Associated Press, from our exchanges, and the occasional letters of intelligent friends. We aim to print the cheapest general newspaper, with the fullest and most authentic summary of useful intelligence, that is anywhere afforded. Hoping to "make each day a critic on the last," and print a better and better paper from year to year, as our means are steadily enlarged through the generous co-operation of our many well-wishers, we solicit, and shall labor to deserve, a continuance of public favor.

The Daily News.

The infamous practice of adulterating Brandies having become so common that a genuine article is the exception; it is of *vital importance* to those requiring it for Family use and Invalids, that it should be of undoubted purity and efficacy.

With a view to meeting the popular demand for a reliable Brandy in its natural state, free from alcoholic flavor and impurities, and fully appreciating the fact that it is often recommended by the Medical faculty, as a *sustaining stimulant*, when all other remedies fail, we are now bottling and selling at reasonable rates, a Brandy of our own importation, from one of the most respectable houses in France, and known as

'Bininger's Genuine Cognac Brandy.'

It is mild, delicate and fruity, and is designed to be always uniform in quality and character. Put up in pint and quart bottles, in cases containing two dozen pints and one dozen quarts, and is sold by all prominent druggists, grocers and town agents.

The above is also for sale in original packages, viz., Eighths and Quarter Casks.

GREAT INDIAN REMEDY.

For Females.

Dr. Mattison's Indian Emménagogue.

This celebrated Female Medicine, possessing virtues unknown of anything else of the kind, and proving effectual after all others have failed, is prepared from an Indian plant used by the natives for the same purposes from time immemorial, and now for the first time offered to the public. It is designed for both MARRIED and SINGLE Ladies, and is the very best thing known for the purpose, as it will bring on the Monthly Sickness in cases of obstruction, after all other remedies of the kind have been tried in vain. This may seem incredible, but a cure is guaranteed in all cases, or the price will be refunded.

1000 Bottles

Have been sold in eighteen months, WITHOUT A SINGLE FAILURE when taken as directed, and without the least injury to health in any case. ☞ It is put up in bottles of three different strengths, with full directions for using, and sent by Express, closely sealed, to all parts of the country. PRICES:—Full strength, $10. Half strength, $5. Quarter strength, $3 per bottle. Either will cure, but the strongest is the best, as it takes less, and cures in the SHORTEST TIME. ☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES, No. 23 UNION STREET, PROVIDENCE, R. I. ☞ REMEMBER! This medicine is designed expressly for OBSTINATE CASES, where all other remedies of the kind have been tried in vain. Beware of IMITATIONS! None warranted unless purchased DIRECTLY of Dr. M. ☞ Orders by mail promptly attended to. Write your address PLAINLY, and direct to DR. H. N. MATTISON as above.

Dr. Mattison's

REMEDIAL INSTITUTE,
FOR
Special Diseases,
No 23 UNION ST., PROVIDENCE, R. I.

☞ This SPECIALTY embraces all diseases of a PRIVATE nature both of MEN and WOMEN, by a regularly educated physician of twenty years' practice, giving his whole attention to them. ☞ Consultations by letter or otherwise are strictly confidential, and medicines will be sent by Express, secure from observation, to all parts of the United States. Also, accommodations for patients from abroad wishing for a secure and quiet Retreat, and good care until restored to health. Circulars giving full information with the most undoubted references and testimonials sent by mail. Also a pamphlet on DISEASES OF WOMEN and on Private Diseases generally, sent FREE by enclosing one stamp as above.

To Invalids.

All who have any serious or troublesome disease will very naturally seek advice somewhere, and this leads me to say a few words on the CHOICE OF A PHYSICIAN. Aim first, LET ALL QUACKS, IMPOSTERS AND UNEDUCATED ALONE. If you have an intelligent physician in your vicinity apply to him, and follow his direction for a sufficient length of time, and he will probably cure you; if not, then apply to one who makes your disease a SPECIALTY, for no physician is a general practician, as matter now stands. Certain given diseases or classes of diseases as successfully, as one of the same ability who devotes his whole attention to them. But here let me put you on your guard. ADVERTISING PHYSICIANS, IN NINE CASES OUT OF TEN, ARE IMPOSTORS. Unable to write a single sentence correctly themselves, they copy by the column the quack advertisements from the Boston Herald, simply changing the names and place of business. They publish FALSE CERTIFICATES of persons who NEVER EXISTED, enticing the unwary into their rooms, and after getting their names and residence, extort large sums of money from them under threats of exposure, or insult them by their coarse and vulgar profanity. There are scores of persons who will read this that can attest to the truth from EXPERIENCE, and for they are compelled to suffer in silence for fear of exposing themselves. The only security against imposition is in making INQUIRY before consulting ANY ONE. Take no man's word, but ask for the PROOF, one word of which is worth more to you than half a column of extravagant and false ASSERTIONS. If you allow yourself to be misled by false statements and go blindly into traps set for you without making any inquiry, you will have reason to repent it when it is too late.

DR. MATTISON is the only educated Physician in Providence, first to devote exclusive attention to Private Diseases and Diseases of Women, and he furnishes the most undoubted references and testimonials to all. If there are any others, LET THEM DO THE SAME.

MR. GEORGE SHARROCK takes this opportunity to inform his numerous patrons, and the public generally, that he has commenced the TIN PLATE AND SHEET IRON BUSINESS, in all its branches. He will pay particular attention to Jobbing, Repairing, &c., &c. He is to be found at his Old Stand, No 224 Thames Street, (opposite the Perry Mill,) where they will find a good assortment of Cutlery, Plated and Brittania Ware, Glass, China, Crockery, Japanned and Wooden Ware, &c., &c. o6

THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage until they seem native and to the manor born."

Hardly Realized.

Hi 'ad 'n 'orrible 'eadache this hafternoon, hand I stepped into the hapothecaries hand says hi to the man, "Can you hease me of an 'eadache?" "Hees it heache 'ard," says 'e "Hexceedingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pon me 'onor it cured me so quick that I hardly realized I 'ad 'ad an 'eadache.

☞ HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz: Symtomatic and Idiopathic. Symtomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach, constituting *sick headache*, of hepatic disease constituting *bilious headache*, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches: Anemia and plethora are also affections which frequently occasion headache. Idiopathic Headache is also very common, being usually distinguished by the name of *nervous headache*, sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper.—In most instances the pain is in the front of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named *Neuralgia*.

For the treatment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtile power eradicating the diseases of which Headache is the unerring index.

Bridget.—Missus wants you to send her a box of Cephalic Glue, no, a bottle of Prepared Pills,—but I'm thinking that'o not just it neither, but perhaps ye'll be aither knowing what it is. Ye see she's nigh dead and gone with the Sick Headache, and wants some more of that same as relaived her before.

Druggist.—You must mean Spalding's Cephalic Pills.

Bridget.—Och! sure now and you've sed it, here's the quarther and give me the Pills and don't be all day about it aither.

Constipation or Costiveness.

No one of the "many ills that flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in carelessness, or sedentary habits; it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and others of like nature, while a long train of frightful diseases such as Malignant Fevers, Abscesses, Dysentery, Diarrhea, Dyspepsia, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage.—From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease and destroy this dangerous foe to human life.

FACT WORTH KNOWING.—Spalding's Cephalic Pills are a certain cure for Sick Headache, Bilious Headache, Nervous Headache, Costiveness and General Debility.

Cephalic Pills,

CURE SICK HEADACHE!

Cephalic Pills,

Cure Nervous Headache!

Cephalic Pills,

CURE ALL KINDS OF HEADACHE!

☞ By the use of these Pills the periodic attacks of *Nervous or Sick Headache* may be prevented; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained.

They seldom fail in removing the *Nausea* and *Headache* to which females are so subject.

They act gently upon the bowels,—removing *Costiveness*.

For *Literary Men, Students*, Delicate Females, and all persons of *sedentary habits*, they are valuable as a *Laxative*, improving the *appetite*, giving *tone* and *vigor* to the digestive organs, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the *nervous* system or from a deranged state of the *stomach*.

They are entirely vegetable in their composition, and may be taken at all times with perfect safety without making any change of diet, *and the absence of any disagreeable taste renders it easy to administer them to children.*

Innocious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In **Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Incipient Consumption, Scrofulous Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.**

In cases of **General Debility**, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bedridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if just returned from protracted travel in a distant land.—Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to all and exercise for which the physician has no name.

In **Nervous Affections** of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for *Piles*, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In **Dyspepsia**, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness*.

In unchecked **Diarrhœa**, even when advanced to **Dysentery**, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate **Incipient Consumption**, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In **Scrofulous Tuberculosis**, this medicated iron has held far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this *remedy* and *restorative*, in the cases peculiarly affecting them.

In **Rheumatism**, both chronic and in flammatory—in the latter, however, more decidedly—it has been universally well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In **Intermittent Fevers**, it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed

Despair Not, Relief is at Hand

CAUTION TO THE AFFLICTED.

Dr. Cudworth,

NO. 3 ORANGE STREET, PROVI-DENCE

AFTER an extensive practice for many years, and witnessing the rise and fall of empiricism to almost an alarming extent, owing to the laxity of the laws in large cities, which gives to the mere ignoramus the same privilege of practicing medicine in all diseases incident to the human system, which the most scientific, skilful and experienced physician and surgeon can in any case claim, deems it his duty to caution strangers to beware of certain up-starts, who make great pretensions to the healing art, without so much as a shadow of medical education.

The experience of many years in cases of a venereal nature, in its various forms, will prove beneficial to those suffering from such diseases, and from his practical knowledge of every symptom consequent on, or arising from badly cured cases of Venereal Complaint, he would caution all having any Secondary symptoms remaining, to be at once cured properly before it has undermined their constitution, and broken down the intellectual faculties.

TO YOUNG MEN—The temptations to which youth are constaly exposed, and the various snares laid to entrap them by the viciousand designing are fearfully on the increase in this city of "steady habits." Dr. CUDWORTH can be consulted at all hours to advantage.

Coughs, Catarrh, Bronchitis, Consumption, Asthma, all diseases of the Chest and Lungs, Dyspepsia, Liver Complaint, Cancer, Scrofula, Erysipelas, &c., Pains in the Limb and Joints, Dizziness in the Head, Ringing in the Ears, Loss of Memory, Confusion of Ideas, Constitutional Debility, Want of Rest, Loss of Appetite, Cold Hands and Feet, Rush of Blood to the Head, Melancholy Forebodings, Trembling in the Stomach, Palpitation of the Heart, Pain in the Sides and Back, and all symptoms caused by Semina Weakness, or any other complaints which indiscreet persons are subject to,

BE WISE—When afflicted with a certain disease do not spend your money to have your health ruined by taking a host of medicines, such as mixtures, extracts, specifics, antidotes, etc, that are advertised as certain cures, which will only drive the unfortunate victim almost to despair. Call at once on a physician who will cure you in a few days
